FSM PRACTICUM-INSTRUCTOR TRAINING COURSE

with Dr Carolyn McMakin

Vibe Hotel Rushcutters Bay, SYDNEY

2 day course, 9 to 5, Monday April 30th & Tuesday May 1st , 2012

PURPOSE OF COURSE: In Australia, there are currently only approximately 150 FSM therapists but an expanding demand for this therapy. The Microcurrent Pain Relief Association has been established to provide promotion and support for FSM, and has sponsored Dr McMakin to come and teach the Core course in Sydney in April 2012. After that it will not be possible to run the Core course here again for at least another 12 months so, in the interim, anyone else wanting to learn FSM will need to study the course on DVD. They will then be advised to attend a one-day practicum training with a certified FSM Instructor at their office or another suitable local venue. As there is only one certified Instructor in Australia at present, we need to build an Instructor Team to meet the up-coming demand for practicums.

So, if you are a skilled and qualified FSM therapist and you share our vision of getting FSM into the hands of more Aussie therapists, then invest yourself in this 2-day Practicum-Instructor Training course with Dr McMakin to become a certified FSM Instructor on our Team.

QUALIFICATIONS: In order to instruct, you need to be a trained and certified FSM therapist. And you need to attend the Core Seminar that is being held immediately prior to this Instructors seminar, at the same venue, from 26th to 29th April 2012.

REGISTRATION: Maximum 10 places available. Registration closes 13th April 2012.

FEE: \$250. [No GST payable]. Note: Attendance at the Core Seminar will be ½ price: \$395. Fee includes buffet lunch each day. Special dietary requirements?.....

OPTIONAL: Course dinner Monday evening [at own expense]. Attending YES or NO.

ACCOMMODATION: Delegates to arrange their own accommodation. The Vibe Hotel Rushcutters offers special conference rates. Reservations Ph: 02 8353 8988.
